

# STIPEND DETAILS AND REQUIREMENTS

---

In order to receive your stipend, you will need to meet certain criteria and checkpoints throughout the school year. If you meet these goals, you will receive your stipend after the semester has concluded.

## To receive your stipend you must:

- Charter your group.
- Submit your group registration and rosters for competitions on time.
- Submit your monthly meeting reports by the deadline each month. This deadline is the 25th of each month.
- Have a full competition team for both regional and state competitions. For regional competition, you must have between 15 and 20 students in attendance. For state competitions, you must have 10 students in attendance.
- Hold at least one event or activity in support of our statewide service project per semester. We encourage you to do additional projects as well to support your community and your group.

We have provided resources and support for you to ensure you are able to meet all the criteria and earn your stipend. We are also a resource for you throughout this year and are happy to assist in any way we can.
