2022 Mock Election Details

The 2022 Georgia Mock Election is a free program of the Georgia Center for Civic Engagement designed for students in grades K-12. The ballots will have differing items on them based on grade. K-5, for example, will vote only on US Senator and Georgia's Constitutional Officers unless the 5th grade class is participating in the Kid Governor program and for those groups an additional ballot item (Kid Governor) will appear. Students in grades 6-12 will vote on US Senator, Georgia's Constitutional Offices, and local legislative races based on the school's zip code.

1 register your school

visit www.georgiacivics.org/mock-election and register your school to participate by October 15.

2 plan your election

the mock election is held on a virtual platform. you will need to secure devices that can access the internet to participate. make the election a school-wide event.

3 receive your materials

you will receive a spreadsheet containing the number of ballot codes that you requested. these codes can only be used once. you will also receive 'I VOTED' stickers (while supplies last)
